

10th Annual

Fall

BULL SALE

1 PM WEDNESDAY

DECEMBER 13

Bow Slope Shipping Association 2023
Brooks, Alberta

- 43** Long Yearling Purebred Black Angus Bulls
- 70** Fancy Black Angus 2nd Calvers NVB
- 60** 66 Ranch Purebred Black Angus
Bred Heifers - *Selling as Commercials*
- 165** Very Fancy 66 Ranch Black Angus
Commercial Bred Heifers NVB

Welcome

Welcome to our 10th Annual Fall Bull & Female Sale. We would like to Thank You, our past customers, for showing interest in our livestock and our program. And as well, any of you new to our program, thanks for taking the time to come and evaluate our livestock.

This fall on offer we will have 43 bulls from our April/May calving program. We held back a few complete sire groups from our spring bull sale to be able to bring a strong set of bulls to this sale. Once again, we use May 10th as a cut off, for any bulls born after that are saved for our 2 year old program, which are offered at our Spring Sale. The same as our past spring bull sale, we took the time to photo all the feet of the bulls on offer. We felt this was a must with the new times and people using the online videos as a way to select some of their new sires. You can find the videos at www.66ranchltd.com

The females that we have selected for this sale consist of 60 bred Purebred heifers selling as commercials. As well as 165 fancy 66 Ranch Black Angus bred commercial heifers. This year we have also decided to bring 70 fancy Black Angus commercial 2nd calvers. All the Purebred heifers were A.I.'ed for 21 days starting July 14th then bull exposed for 21 days. The commercial heifers were all exposed to walking bulls July 10th for just 2 cycles (42 days). The 2nd calvers were exposed to walking bulls July 10th for 42 days. The 2nd calvers are all NVB, the commercial heifers are NVB and our purebred heifers carry our traditional 66 freeze brand. All these females on offer are bred to easy calving bulls and are expected to be turned out just like a cows is and calve on their own, unassisted.

Whether you need to purchase any bulls or females for replacements for your herd, or you are just interested in viewing our cattle for the first time. We would really appreciate it if you could join us after the sale for an evening of socializing and a little "country hospitality!"

Thanks

Kelsey, Malissa, Brett and Carter

VIEWING: Bulls & females will be available for viewing at Bow Slope Shipping Association, on Tuesday, December 12.

PURCHASES RISK: Each animal becomes the risk of the purchaser as soon as sold. Insurance will be available sale day with Canadian Farm Insurance - Jill Wildman 780-305-1146.

BREEDER'S GUARANTEE: All the bulls will be semen tested and physically examined by our local vet and sold with a breeders guarantee. ***EVERY BULL at the sale will be sold with a 100% satisfaction guarantee.***

SIGHT UNSEEN: In the event you are unable to attend the sale or use the online option, bids can be given to sale staff or owners with satisfaction guaranteed.

CAN'T MAKE IT ON SALE DAY?

Our sale will now be broadcast online @

We are pleased to announce that we will have the services of DLMS. This will allow you to bid on the bulls and heifers via the internet. Of course, we would rather you attend the sale and our hospitality afterwards, but we well know today's world just keeps getting busier and busier! But, if for some reason you cannot attend, this gives you the opportunity to bid on the bulls and heifers at the live auction. Please remember to pre-register at www.dlms.ca 24 hrs. prior to the sale.

We also have available with this service is a live video of every animal in the sale. To view these videos go to our website www.66ranchltd.com and just click on view catalog. Videos are also available at www.dlms.ca. We encourage you if possible to view the cattle at the ranch prior to the sale.

Please contact Mark Shologan @ 780-699-5082 or the DMLS Purebred Team @ 780-991-3025 with any questions or issues with registering for the sale.

PERFORMANCE DATA

AOD: Age of Dam

BW: Actual Birth Weight

205D: Weaning weight in lbs. adjusted to 205 days

365D: Yearling weight in lbs. adjusted to 365 days

EPD EXPLANATION

CE: Calving ease, predicts the ease with which a sire's calves will be born when bred to first-calf heifers. The higher the number, the higher the probability heifers will calve with no assistance.

BW: Birth weight, a prediction of a sire's ability to transmit birth weight to his progeny.

WW: Weaning weight, predictor of a sire's ability to transmit weaning growth to his progeny.

YW: Yearling weight, predictor of a sire's ability to transmit yearling growth to his progeny.

MILK: A predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters.

MCE: Maternal calving ease. The higher the number, the higher the probability that daughters will not require assistance at calving time.

The 2022 Angus Average EPDs are as follows and are the numbers to compare the bulls in this catalogue to:

EPDs	CE	BW	WW	YW	MILK	MCE
	+3.2	+2.0	+53	+92	+23	+6.7

EPDs in this catalog are as of Nov. 1/23

PLEASE NOTE:

- Calving ease bulls: **BW** in **BOLD**
- No bulls have been sold prior to the sale
- Bulls are sold in catalog order
- Heifers and 2nd Calvers sold at the end of the sale
- Updated weights & scrotal measurements will be available Sale Day
- 66 Ranch reserves the right to draw 250 straws of semen at our expense and at your convenience on any bull selling in the sale. For in-herd use only.

A walking bull at the ranch purchased from the super people at Merit Cattle Co., Trent and Janelle Leibreich. We purchased him because he was in our eyes one of the longest, deepest, yet moderate herd bulls in their pen that season. But the determining factor for us deciding to own him was the maternal value he would bring. 6 of the 7 cows on the front of the pedigree were all raised at Merit. Proven, predictable maternal breeding bull here. 32H has and will continue to be bred to some of our top females at our place.

Be sure to plan to retain all the heifer calves from 32H, they will be in the replacement pen and in the cow herd for a long time. Bull calves average birthweight is 87 lbs. Heifer calves is 78 lbs.

ALL BULLS SEMEN TESTED
& breeding soundness evaluated

BERRY CREEK VETERINARY CLINIC

The bulls offered for sale by 66 Ranch have all passed a breeding soundness examination and are classified as satisfactory potential breeders.

The heifers and second calvers have all been examined to confirm pregnancy.

In my opinion the Angus seed stock offered for sale are in excellent health and in ideal body condition.

I consider this offering to be very good replacement stock for the commercial or purebred herd.

*Sincerely,
Kirby Finkbeiner, DVM*

Plain and simple, 17Z has it all. Performance, ease of flesh, leg structure, super foot, free moving, maternal. We feel we have lucked out and finally raised one that can compete with any A.I sire. His heifer calves are extremely feminine and by far the top end of the pen. Very moderate birth weights out of 443 calves, 86 lbs. avg. on the bull calves and 78 lbs. avg. on the heifer calves. We find it much easier to have confidence in A.I.'ing to a bull that you know exactly what his sire is and as well his dam. Because they both came from our program.

LOOKING FOR LONGEVITY?

A cow at 66 Ranch is under great scrutiny from her first calf and continuing on her entire life at our place. If they show any imperfections with feet, udder or disposition they are culled right there on the spot. Any cow 4 or 5 or 6 has been scrutinized pretty thoroughly. So with that being said, we are pretty proud to have over half the cows that raised bulls in this sale being 6 years and older up to 12 years of age!

A walking bull raised at 66 Ranch. What a maternal powerhouse!! Leachman Right Time on top and the dam is one of the best Alliance bred females at the Ranch. Longevity from the Right Time, we have Right Time cows last until 17 years old at our place. The Alliance will give you the perfect udders you are looking for as well as the extreme docility we all like. The neat thing with Alliance bred into the Right Time, is this sire has great scrotal, with that, the fertility will be passed onto his progeny. Bull calves average birthweight is 83 lbs. Heifer calves is 78 lbs.

An A.I. sire we chose to use for his supreme foot quality. If you are looking for extra ease of flesh in your cattle without any grain try a Pinebank 443 son. We were told to expect ease of flesh, after seeing our first set of calves grow into yearlings, it is very evident that the progeny will be very easy keeping. Pinebank 443 dam in 2021 was still walking the pastures at age 17. Expect longevity in these cattle as well. Bull calves average birthweight is 75 lbs. Heifer calves is 72 lbs. Use these sons with ease of calving on your 1st calf heifers as well!

A walking bull purchased from C & L Beasley Cattle. We selected this calving ease bull for his strong maternal presence, his dam at 17 years old still had a perfect udder and perfect feet. The feet were definitely passed on to her son, we knew we had to own 78F when we saw him standing on the concrete, a perfect foot under this bull! Used exclusively on first calf heifers, he is a "heifer bull." Bull calves average birthweight is 76 lbs. Heifer calves is 73 lbs.

A walking bull raised at 66 Ranch. What a fortunate thing happening to us with this bull! He checks all the boxes, very moderate birth, great performance, and awesome looking female progeny, great scrotal, feet are superb, natural ease of flesh. We are very, very high on these 1D bred progeny. The rancher's kind of cattle out of this bull! We have 292 progeny registered in our herd. Bull calves average birthweight is 83 lbs. Heifer calves is 78 lbs.

EPDs in this catalog are as of Nov. 1/23

A walking bull raised by us, a super long, round and curvy extremely strong footed sire. His dam 4008P was here until she was 15 years old. Pretty good feeling having the longevity bred into your cattle with the known longevity of the 17Z Alliance on the top side of the pedigree as well. Bull calves average birthweight is 80 lbs. Heifer calves is 74 lbs.

Dam Photos

The photos of dams in this catalog may not be the traditional combed up, blown off "Pretty" pictures most people use. These are pictures of our cows in their working clothes.

For any of you that are not completely familiar with our program, we take a photo of all our cows when we tag their newborn calf. This way we can see their bags anytime of the year, and are available to show all of you our cows when their udders are at their fullest, moments after they calve.

An A.I. sire we chose to use for his moderate birthweight and yet have the power to grow well into weaning and right until they are hanging on a rail. His progeny are known for their strong foot structure. Maternally, is a very positive thing as well, an Upward 307R on the bottom of the pedigree is going to give you good footed, super uddered, feminine females. Bull calves average birthweight 82 lbs. Heifer calves is 80 lbs.

A Resource bred walking bull we purchased from Bandura Ranches. A huge middle on this bull with very correct foot and leg structure. His females should be the kind we are all striving to find, the combination of Resource on the top side and Sitz Upward on the bottom side of the pedigree will produce deep sided, strong uddered, feminine females. Bull calves average birthweight is 77 lbs. Heifer calves is 74 lbs.

A walking bull at the ranch raised by us, a "1D" son. 1D has quickly risen to the top at our place. Raising sons like 48G that are just the right type. Both 1D and 48G stamp their calves the same. Deep, soggy, soft made, moderate, easy to look at Angus cattle. Foot quality is very strong, udders on our milking daughters have been absolutely outstanding! 48G's dam is about as good as they come, expect females out of the 48G sons to remain in the herd for a long time. Bull calves average birthweight is 77 lbs. Heifer calves is 74 lbs.

TERMS & CONDITIONS

TERMS - TERMS OF THIS SALE ARE CASH OR CHEQUE PAYABLE IN CANADIAN FUNDS. THE RIGHT TO PROPERTY SHALL NOT PASS UNTIL AFTER SETTLEMENT HAS BEEN MADE. ALL SETTLEMENTS MUST BE MADE WITH THE CLERKS OF THE SALE BEFORE CATTLE WILL BE RELEASED.

BIDS - EVERY ANIMAL ENTERING THE RING WILL BE SOLD TO THE HIGHEST BIDDER; AUCTIONEER'S DECISION WILL BE FINAL.

PURCHASERS RISK - EACH ANIMAL BECOMES THE RISK OF THE PURCHASER AS SOON AS SOLD. INSURANCE WILL BE AVAILABLE SALE DAY.

CATTLE INSPECTION - ALL CATTLE WILL CARRY IDENTIFICATION TAGS CORRESPONDING TO SALE LOT NUMBERS THEY ALSO WILL HAVE R.F.I.D. TAGS.

ANNOUNCEMENTS - ERRORS OR OMISSIONS IN THE CATALOG WILL BE ANNOUNCED BEFORE SALE AND ANY CORRECTIONS WILL TAKE PRECEDENCE OVER PRINTED MATTER IN THE CATALOG.

BREEDING GUARANTEE - ALL CATTLE ARE SOUND AND RIGHT AND SELL WITH "RESPONSIBLE BREEDER GUARANTEE AND SATISFACTION". IN THE EVENT OF AN UNLIKELY DISPUTE, THE REGULAR TERMS AND CONDITIONS STANDARD WITH THE CANADIAN ABERDEEN ANGUS ASSOCIATION SHALL APPLY. IN ANY CASE, THE SELLER IS NOT RESPONSIBLE FOR MORE THAN THE PRICE THE BULL WAS DECLARED SOLD FOR ON SALE DAY.

ACCIDENTS - ANY PERSON ATTENDING THE SALE DOES SO AT THEIR OWN RISK AND RECOGNIZES THAT THERE ARE INHERENT DANGERS. ALTHOUGH EVERY PRECAUTION WILL BE TAKEN TO PROTECT THE SAFETY AND COMFORT OF BUYERS, NEITHER THE SALES MANAGER, AUCTIONEER NOR ANY OWNER ASSUMES ANY RESPONSIBILITY IN THIS MATTER AND DISCLAIMS ANY LIABILITY, LEGAL OR OTHERWISE, IN THE EVENT OF AN ACCIDENT OR LOSS OF PROPERTY.

LIABILITY - PURCHASERS MUST LOOK TO THE SELLER OF ANIMAL FOR FULFILLMENT OF ALL GUARANTEES AND REPRESENTATIONS MADE HEREUNDER. BOW SLOPE SHIPPING ASSOCIATION IS ACTING AS AGENT AND ASSUME NO RESPONSIBILITY FOR REPRESENTATIONS MADE BY THE SELLER.

PHONE, MAIL OR SIGHT UNSEEN BIDS - ALL BIDS WILL BE IN COMPLETE CONFIDENCE WITH SALES STAFF LISTED OR OWNERS.
